About AEMSFY

Who We Are

AEMSFY General Contracting & Maintenance L.L.C is an Abu Dhabi-based engineering and infrastructure company delivering **integrated contracting, maintenance, and utility solutions** across the UAE.

Built on more than **30 years of combined professional experience**, AEMSFY specializes in water transmission and distribution networks, pipeline installation, infrastructure works, and project management solutions.

Our Commitment

We combine technical expertise, operational efficiency, and forward-thinking strategies to deliver sustainable, high-quality projects aligned with the UAE's development vision.

Who We Are

Established in Abu Dhabi in 2026, AEMSFY was founded with a vision to provide reliable engineering and contracting solutions driven by **professionalism, innovation, and long-term partnerships.**

1

Government & Semi-Government

Our team possesses extensive experience working with government entities and semi-government organizations throughout the United Arab Emirates.

2

Private Sector Excellence

We serve private sector clients with the same level of dedication, technical rigor, and commitment to quality that defines every AEMSFY project.

3

Precision & Efficiency

Through strong project management capabilities and technical excellence, we ensure every project is executed with precision, efficiency, and full commitment to quality and safety standards.

Meaning Behind the Name — **AEMSIFY**

Every letter in our name reflects a core pillar of how we operate and deliver value to our clients and partners.

A — Alliance

Partnership-driven relationships with clients and stakeholders.

E — Engineering

Technical and engineering excellence at the core of our operations.

M — Management

Professional project and resource management.

S — Solutions

Integrated practical solutions tailored to client needs.

F — Future

Forward-thinking planning and continuous development.

Y — Yield

Delivering measurable value, efficiency, and strong results.

AEMSIFY represents a company built on partnership, future vision, measurable results, and professionally managed engineering solutions.

Vision & Mission

VISION

Our Vision

To become a **trusted leader** in engineering, infrastructure, and project management solutions across the UAE, delivering sustainable projects that contribute to national development.

MISSION

Our Mission

To provide **integrated engineering and contracting solutions** through innovation, operational excellence, and strategic partnerships while ensuring quality, safety, efficiency, and long-term client value.

Long-Term Client Value

Quality & Safety

Innovation & Excellence

These pillars guide every decision, every project, and every partnership we build across the UAE.

Core Values

Our values are the foundation of every project we undertake and every relationship we build.

Partnership

Collaborative relationships built on trust and mutual success.

Professionalism

Highest standards of conduct in every interaction and delivery.

Integrity

Transparent, honest, and ethical in all our operations.

Sustainability

Environmentally responsible solutions for long-term impact.

Innovation

Embracing new technologies and forward-thinking methodologies.

Excellence

Uncompromising quality in every project we deliver.

Commitment

Dedicated to delivering on every promise made to our clients.

Accountability

Taking full ownership of outcomes and project performance.

Services & Expertise

AEMSFY delivers a comprehensive portfolio of engineering and contracting services, designed to meet the full spectrum of infrastructure needs across the UAE.

Water Transmission Pipelines

Design, supply, and installation of large-diameter water transmission pipelines meeting UAE standards.

Water Distribution Networks

Complete water distribution systems for residential, commercial, and industrial zones.

Infrastructure & Civil Works

Comprehensive civil and infrastructure works supporting urban and industrial development projects.

Project Management

End-to-end project management ensuring on-time, on-budget delivery with full quality compliance.

Maintenance Services

Preventive and corrective maintenance for utility networks, pipelines, and infrastructure assets.

General Contracting

Full-scope general contracting services for government, semi-government, and private sector clients.

1

**Transmission pipeline
design and installation**

2

**Distribution network
engineering**

3

**Utility-related
infrastructure works**

4

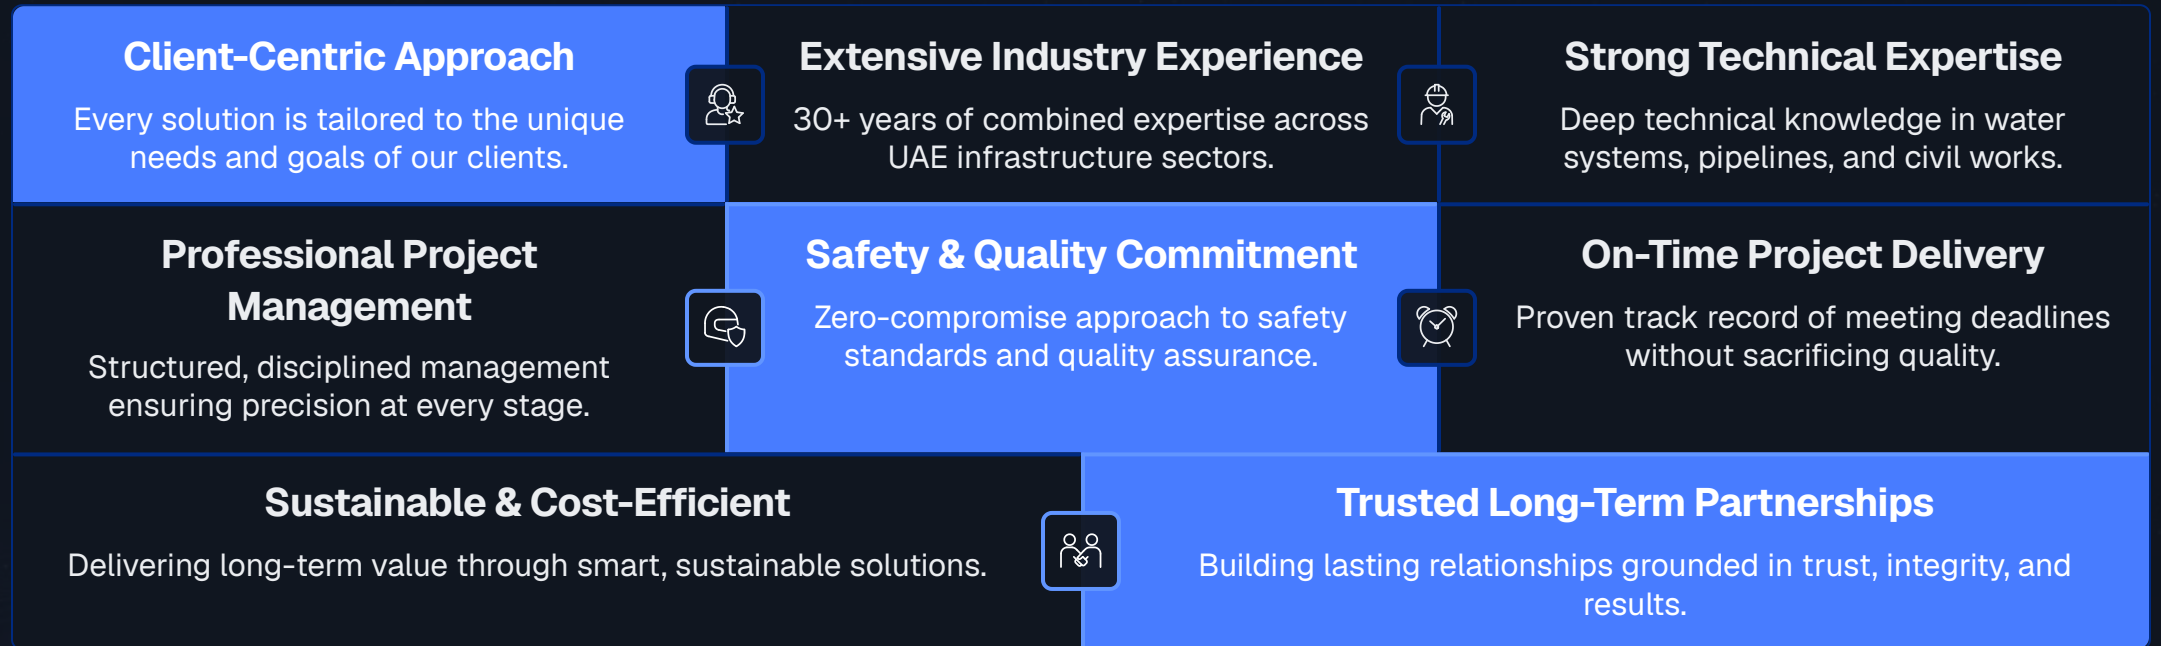

Compliance with UAE regulatory standards

5

Efficient execution methodologies

Why AEMSIFY

Choosing AEMSIFY means choosing a partner committed to delivering exceptional results — on time, within budget, and to the highest standards of quality and safety.

✔ Ready to partner with AEMSIFY? Contact us today to discuss your next infrastructure project in Abu Dhabi or across the UAE.

Safety, Quality & Sustainability

Safety, quality assurance, and sustainability are embedded within every stage of our operations. We are committed to maintaining international standards, implementing best practices, and ensuring safe working environments across all projects.

HSE Commitment

Rigorous health, safety, and environment protocols enforced at every project site and operational level.

Quality Control

Systematic inspection and assurance processes ensuring deliverables meet the highest international benchmarks.

Environmental Responsibility

Minimizing ecological impact through sustainable engineering practices and responsible resource management.

Compliance Standards

Full adherence to UAE regulatory frameworks and internationally recognized operational compliance requirements.

Our Clients

Proudly serving leading government, semi-government, and infrastructure entities across the UAE.

Government & Semi-Government Partners

AEMSFY has built long-standing relationships with the most prominent public sector entities driving Abu Dhabi's infrastructure growth. Our clients trust us to deliver engineering excellence on projects of national significance.

- TAQA Transmission
- TAQA Distribution
- TAQA Water Solutions
- DMT - Department of Municipalities and Transport
- ADM - Abu Dhabi Municipality

- ✔ Our client portfolio reflects a consistent track record of trust, performance, and long-term partnership with the UAE's most critical infrastructure authorities.

Our Clients

Certifications & Accreditations

AEMSFY is committed to maintaining internationally recognized standards in quality, safety, and operational excellence. Our certifications reflect our dedication to delivering compliant, world-class engineering services.

ISO Certificates

ISO 9001 Quality Management, ISO 14001 Environmental Management, and ISO 45001 Occupational Health & Safety certifications underpin our operational framework.

HSE Certifications

Recognized health, safety, and environment credentials validating our commitment to zero-harm project delivery across all site operations.

Vendor Registrations

Formally registered and pre-qualified with major UAE government and semi-government entities, enabling seamless project engagement.

Government Approvals

Fully approved and compliant with Abu Dhabi regulatory authorities, ensuring all works meet statutory and municipal requirements.

Future Outlook

AEMSFY aims to expand its contribution to the UAE infrastructure sector through innovation, strategic partnerships, and sustainable engineering solutions aligned with Abu Dhabi's long-term development vision.

Innovation-Led Engineering

Adopting emerging technologies and smart infrastructure solutions to deliver next-generation project outcomes.

Strategic Partnerships

Deepening alliances with government bodies, international contractors, and technology providers to broaden our project reach.

Sustainable Development

Engineering solutions designed in harmony with Abu Dhabi's 2030 vision and the UAE Net Zero 2050 strategic initiative.
